

PE and Sport Premium

Report for 2021-2022

July 2022

1 PE and Sport Premium

Schools have a central role to play in supporting all children and young people to live healthy active lives. This is particularly true of primary school where the foundations of positive and enjoyable participation in regular physical activity should be established.

Crucial to achieving this is ensuring that pupils have access to at least 30 minutes of physical activity during the school day, alongside high-quality PE provision taught by confident and knowledgeable teachers and opportunities to experience and participate in a wide range of sports and physical activities.

The government provide PE and sport premium grant funding which SCPS use towards these aims.

2 How SCPS use this funding

SCPS uses the PE and sport premium funding to:

- build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years
- develop or add to the PE, sport and physical activity we provide

Key indicators

- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Engagement of all pupils in regular physical activity
- The profile of PE and sport is raised across the school as a tool for whole school improvement
- Broader experience of a range of sports and physical activities offered to all pupils
- Increased participation in competitive sport

3 Overview of PE and Sport Premium Usage

Intent	Implementation	Time scale	Led by	Cost	Monitoring	Impact
