Introduction

Starting primary or infant school or moving up to junior school are important times for your child. Oxfordshire County Council wants to make sure that these first steps are as smooth as possible.

Hopefully, the information online and in this booklet will help you make informed decisions about applying for your child to start school or move onwards in primary education leading to your child being offered a place at one of the schools that you prefer.

Oxfordshire is a great place for this where applications for more than 6,900 children were processed and nearly 94% of them were offered a place at the school listed as first preference for the 2026/27 school year. Nationally this is about 92½%. Over 99% of children in Oxfordshire were offered a place at one of the preferred schools listed on their application last year. Only 52 children, less than 1% of the cohort, whose parents had applied on time and who live in Oxfordshire were offered an alternative school that had not been requested.

Some schools receive more applications than there are places available, so they have to have a process that will enable admission authorities to decide which children will be offered a place and which children will need to go to other schools. This process must be fair and unbiased and follow the regulations and processes laid down nationally as well as locally.

Most applications are now made online (nearly 99% for starting school in 2026/27). Applying in this way offers the benefits of being able to start, save, change and complete your application at any time right up to 15th January 2027 (National Closing Date). Those who apply online will receive an email on 16th April 2027 (National Offer Day) and will also be able to respond online.

In Oxfordshire it is possible to list up to four preferences and we always recommend parents should request as many as possible. This does not make it less likely that your child will be offered the school you most want (your first preference) but it does make it less likely that a place will be offered at a school you do not want. In order to decide which school you would like your child to attend, we advise you to read information online and produced by the school (school prospectuses and admissions arrangements). It may also be possible to visit schools.

You should also consider how your child will travel to your preferred school(s). Most children are not eligible for free home to school transport. Remember that living in the catchment area for a particular school does not mean that your child will receive free transport to that school. Refer to the information about home to school transport in this booklet or online at www.oxfordshire.gov.uk/schooltransport

Most importantly, apply on time. This is likely to maximise the chances that your child will be offered a place at one of your preferred schools. This means you need to apply by 15th January 2027.

Find out more and apply online at:
www.oxfordshire.gov.uk/primaryadmissions
www.oxfordshire.gov.uk/junioradmissions

Lisa Lyons,
Director of Children's Services, Oxfordshire County Council.

Key Dates

11 September 2026	"Starting School" booklet published online. Printed copies available on request from the Local Authority (LA).
3 November 2026	Online and paper applications accepted from this date.
15 January 2027	National Closing Date for on-time applications
29 January 2027	• Final date for confirmation of change of address; and • Final date for late applications or changes of preference with extenuating circumstances to be considered as on-time
16 April 2027	National Offer Day – offers sent by email and by second-class post where needed
30 April 2027	• Deadline to respond to school place offer • Deadline to request a child's name to be added to a waiting list in response to notifications sent on National Offer Day • Deadline for late applications and changes of preference to be considered in the second round of the allocation process
7 June 2027	Offer Day 2 (second allocation day) – offers sent by email or second-class post where needed for offers or re-offers
21 June 2027	• Deadline to respond to offers made on Offer Day 2 • Deadline to request a child's name to be added to a waiting list following offers made on National Offer Day or Offer Day 2 • Deadline for late applications and changes of preference to be considered at a later date
September 2027	• Start of the school year for the Reception year group
21 July 2028	Waiting lists discontinued (unless earlier as stated in a school's admission arrangements)

Section 1 – Application Process

Primary and infant

Parents/carers of children living in Oxfordshire born between 1st September 2022 and 31st August 2023 (inclusive) need to apply for a place at a primary or infant school for their children. Parents/carers must apply for a school place for their children even if they attend a nursery class at the school listed as a preference.

Infant to junior transfer

Parents/carers of children living in Oxfordshire born between 1st September 2019 and 31st August 2020 (inclusive) and in one of the following circumstances need to apply for a transfer to junior school.

- Children in Year 2 at an infant school who must transfer to a new school because their current school will not operate a Year 3 class in the 2027/28 school year; or
- Children in Year 2 at a primary school whose parent wants them to transfer to a junior school for the 2027/28 school year and they cannot transfer sooner because the school is not operating a Year 2 class in the 2026/27 school year.

There is only one infant school in Oxfordshire, St Mary's Church of England Infant School in Witney. This school works closely with The Batt Church of England Primary School which is a primary school with a larger cohort size at Key Stage 2 (Years 3 to 6). Most children leaving St Mary's Church of England Infant School in Witney transfer to The Batt Church of England Primary School.

All other transfer types are in-year transfers and can only usually be made six weeks or one half term in advance of when the place is wanted.

www.oxfordshire.gov.uk/schooltransfer

National Closing Date

The National Closing Date for all applications is 15th January 2027.

Apply

There are two ways to apply – online or paper. Most applications are online now. Nearly 99% of applications for starting school in the 2026/27 school year were online. When applying, parents/carers need to use one method only. Do not apply both online and on paper. This may delay the processing of the application especially if different preferences are listed on each application.

Online – primary and infant

Parents/carers can go to www.oxfordshire.gov.uk/primaryadmissions to find the link to apply online.

Online – infant to junior transfer

Parents/carers can go to www.oxfordshire.gov.uk/junioradmissions to find the link to apply online.

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

Paper

If parents/carers are unable or do not wish to apply online they can apply on paper using the Common Application Form (CAF)

[Primary and infant Common Application Form](#)

[Junior transfer Common Application Form](#)

Copies of the forms are available online or a state-funded mainstream primary or infant school can print one or a form can be collected from a County Council building.

Applying on time

It is very important to apply on time. This maximises the chances that your child will be offered a place at a preferred school. This means the online or paper application needs to be received by the Admissions Team by National Closing Date on 15th January 2027.

Preferences

Parents/carers have a preference not a choice. Often these words are used interchangeably but they do not have the same meaning when processing school applications. The law states that parents are entitled to express a preference but this does not guarantee or give parents the right to choose a school for their child and expect their choice will always be met. However, admission authorities must comply with parental preference where possible. They can't comply when there are more applications than there are places available and complying with a parental preference would cause prejudice to the provision of efficient education and/or the efficient use of resources at a school. For this reason, places will not be offered under normal circumstances over a school's published admission number.

For Oxfordshire children, parents/carers can request up to 4 schools on the application. We always recommend parents/carers list 4 schools as preferences in order of preference. This does not make it less likely that your child will be offered the school you most want (your first preference) but it does make it less likely that a place will be offered at a school you do not want at all.

Those who apply on-time are much more likely to get a place at their first preference school. Therefore, it is very important to apply on-time (see above).

Before deciding which school(s) to request you should read the information in this booklet and online at:

www.oxfordshire.gov.uk/primaryadmissions

www.oxfordshire.gov.uk/junioradmissions

or on school websites and in their prospectuses. It may also be possible to visit schools.

It is important to know the admission rules for preferred schools in order to assess the likelihood that your child could be offered a place. If a place is not offered at one of the schools requested as a preference it will be because there were other children who had a higher priority for a place using the school's admission rules or live closer than your child. The over-subscription criteria for every state-funded school in Oxfordshire can be found in the "Admissions data" section for each individual school accessible via the [Oxfordshire schools search](#) webpage.

www.oxfordshire.gov.uk/schools/list

Sometimes schools change their over-subscription criteria, so check school websites for the latest admission arrangements policy for the 2027/28 school year.

Applying for a place at a state-funded school in England but outside Oxfordshire

Admissions to state-funded primary and infant schools in England are coordinated across local authority boundaries. This means that, if a child lives in Oxfordshire and the parent wants to apply for a place at a school that is in a different local authority, the parent must apply via Oxfordshire County Council. As with applications made for schools within Oxfordshire it is best to apply online. Oxfordshire County Council will liaise with the Local Authority where the school is situated on behalf of the parent and child and will be responsible for sending notification of the outcome on behalf of the school / Local Authority on National Offer Day.

Applying for a place at a school in Northern Ireland, Scotland and Wales

Admissions to state-funded primary and infant schools in Northern Ireland, Scotland and Wales are not coordinated. Parents/carers wanting to apply for a place at a school in these areas should contact the school direct to find out how an application should be made.

Supplementary Information Forms (SIFs)

Some schools request extra information in addition to the information gathered for the online application or on the paper form. It is important to remember that submitting a Supplementary Information Form (SIF) does not mean an application has been made. Parents/carers must still apply listing a preference for the school (either online or on paper). However, if a school uses a SIF and the parent does not complete and send the SIF to the school by National Closing Date, it is likely that the preference will be considered in a lower criterion. Therefore, it is important to complete and return the SIF by National Closing Date in order to maximise the possibility of an offer at that school.

Travelling to school

When applying for a school place, you need to consider how your child will travel to and from school each day. If you choose a school that is further away than your nearest suitable school, your child may not be eligible for free home-to-school travel support. We encourage all families to think carefully about the practicalities of the journey, including travel time, costs, and arrangements, before making a final decision.

Very few primary school age children in Oxfordshire receive free home-to-school travel support.

Primary school children are eligible for free home to school travel support where:

- they attend their nearest available school (not always their catchment school) and
- the school is over two miles from their home address for 5-to-7-year olds; and over three miles for older children.

If your child attends their nearest suitable school and the walking distance is less than the above distances, we may still provide travel assistance if we have determined that there is no available walking route.

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

Please Note

If you choose a school that is further from your home than your nearest suitable school, your child will not be eligible for free home-to-school travel, even if there is no available walking route. Eligibility for travel assistance is based on the nature of the route to the nearest suitable school only, so it's important to consider this when requesting preferences.

If you are considering free home-to-school travel as part of your school application, it is very important to familiarise yourself with the nearest suitable schools to your home address. Eligibility for travel assistance is based on distance and the nature of the route to the nearest suitable school, not the schools you have listed as preferences if different.

Oxfordshire County Council's home-to-school travel and transport policy can be found online www.oxfordshire.gov.uk/schooltransport

Applying late

If an application is received after the National Closing Date for applications (15th January 2027), it will be classed as a late application unless there are genuine extenuating reasons.

If a parent does not apply online or on paper by the above date, they should apply as soon as possible after this date. It is still possible to apply online after the National Closing Date. Go to our web page for the link to the Parent Portal

www.oxfordshire.gov.uk/primaryadmissions

www.oxfordshire.gov.uk/junioradmissions

If it is not possible to apply online or a parent chooses not to a paper application form can be sent instead.

[Primary and infant Common Application Form](#)

[Junior transfer Common Application Form](#)

Copies of the forms are available online or a state-funded mainstream primary or infant school can print one or a form can be collected from a County Council building.

Whether the application is online or a paper form, if the parent provides genuine extenuating reasons by 29th January 2027, Oxfordshire County Council will consider these reasons to decide whether the application should be considered as an on-time application. These reasons can be provided within the form or sent separately by email no later than 29 January 2027.

After 29 January, a notification will be sent if Oxfordshire County Council considers the application will be processed on-time. If no notification is received this means the application will continue to be processed as a late application. If parents/carers have a query, they can contact the Admissions Team at schoolofferresponse@oxfordshire.gov.uk

Applications received after 29th January 2027 will, as a matter of course, be considered as late applications regardless of whether genuine extenuating reasons have been provided.

Examples of extenuating reasons are:

- an administrative error by a maintained school in Oxfordshire is responsible for the application being received late;
- an administrative error by Oxfordshire County Council is responsible for the application being late;

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

- a sudden illness of a close family member which prevented a parent/carer from submitting the application on time;
- the death of a close family member (child's sibling, parent, grandparent) which prevented the parent/carer from submitting the application on time.

The above list is not exhaustive.

Late applications are much less likely to be successful in gaining a place at a preferred school. So any parent applying between 16th and 29th January 2027 is strongly advised to provide genuine extenuating reasons to the Admissions Team why the application could not be submitted on-time.

Section 2 – Allocation Process

Equal Preference System

All state-funded mainstream schools in England have to follow the “Equal Preference System”. This is a requirement of the Department for Education’s School Admission Code 2021. This prevents admission authorities giving higher priority to parents who make a particular school their first preference.

Every school that a parent requests on their application is treated as a separate application and will be considered alongside all other preferences for that school and ranked using the over-subscription criteria alone without regard to how it is listed on each child’s application. The Admission Authority for a school must only use their over-subscription criteria to determine which children get places and must not discriminate against any application because a parent did not request it as first preference for that school.

For this reason admission authorities and schools are not told which order their school has been ranked on applications until after the allocation process is complete.

When the allocation process takes place each preference will be either provisionally offered or not offered based on where it is ranked on the school list using the over-subscription criteria and the Published Admission Number (PAN) for the school. In this initial process some children could be in line to be offered a place at more than one school while others could be in line to be offered no preferred schools. The process starts to be resolved by taking into account the order of preference on individual applications, which ensures that by National Offer Day children are offered only one school, that this is the highest possible preference that could be offered considering the number of applications received for each school, the relevant oversubscription criteria and admission number.

In situations where it is not possible to offer a child a place at any school listed as a preference, the Admissions Authority will make an offer at the nearest school to the home address that still has an available place. This is called a referral.

Admission Rules / Over-subscription criteria

Places are offered using the each individual school’s admission rules / over-subscription criteria. These are all available online.

For Oxfordshire community and voluntary controlled schools they have been available on the Council’s public website since March 2026.

www.oxfordshire.gov.uk/schools/apply-school-place/school-admission-rules-and-policies/admission-rules

For other schools they will be available on school websites. Links to school websites can be found via the [Oxfordshire schools search](#) webpage.

www.oxfordshire.gov.uk/schools/list

National Offer Day (16th April 2027)

For all applications made online or on paper with a valid email address, an email is sent between 12:01am and 9.59am on National Offer Day confirming the outcome of the application. The email

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

may be the formal notification of a school offer. Online applicants can also log in to the Parent Portal to see the result and respond.

A letter will only be sent where one is needed, e.g. where the application was on paper or where the first preference school was not offered. Letters will be posted second-class on National Offer Day and may take between 3 and 5 days to be delivered.

The Leaflet - “What to do next”

Every letter sent on National Offer Day will include a leaflet called “What to do next?”. This leaflet explains:

- how to respond to the offer of a place;
- details about how places were offered at each school (published online by midday on National Offer Day)
- details about when a child can and must start school;
- more information about the decision about free home-to-school transport and how to respond to or query it;
- how to request to add a child’s name to one or more Waiting Lists (where relevant);
- how to request a change of preference;
- how to lodge a school admissions appeal (where relevant).

Responding to an Offer

If the application has been made online, parents/carers can respond online.

Where an applicant applied on paper, they should email their response to:
schoolofferresponse@oxfordshire.gov.uk

If a response is not received by the Admissions Team by the Response Date (30th April 2027), the parent will be sent a further reminder which will tell them their child could have their offer withdrawn if they do not respond.

If a parent declines the offer of a place and provides a reason, the offer will be removed and the record updated to show the reason. This will release the place to be available to be offered to a different child on Offer Day 2 (see below).

If a parent declines the offer of a place and does not provide a reason, Oxfordshire County Council will contact the parent to find out why the place has been declined and what arrangements the parent has made to ensure their child receive an education suitable to age, aptitude and ability.

Oxfordshire County Council always reserves the right to re-offer the place to another applicant on Offer Day 2 or later.

This could mean that the child would not have a secure school offer for the 2027/28 school year. Therefore, we recommend that the place at the offered school is accepted even if it is not a preferred school.

The second allocation round process begins in May 2027 and ends on Offer Day 2 on 7th June 2027.

First preference not offered

It is not always possible to offer a child a place at one or more of the schools requested as a preference. If this happens, parents/carers will have the option to add their child's name to the Waiting List and/or request a change of preference and/or appeal for a school place.

Waiting Lists

Parents/carers are able to request to add their child's name to the Waiting List for schools where a requested place could not be offered if these preferences were higher on the application. This means children offered their first preference school cannot be added to any Waiting List.

Children living in Oxfordshire are not automatically placed on the Waiting List for any school. Parents/carers must request this. This is called the "opt-in" system. Only children for whom a request has been received will be added to the Waiting List. A Waiting List request can be online via the Parent Portal or sent by email to schoolofferresponse@oxfordshire.gov.uk including details of the child's name, date of birth and the name of the relevant school(s).

Other local authorities may offer an "opt-out" system where children refused a place are automatically added to the Waiting List for the school. Parents/carers must instead inform the local authority if they do not want their child to be considered for a place at that school any more via the Waiting List. Parents/carers of Oxfordshire children with preferences for schools outside Oxfordshire are still advised to notify Oxfordshire County Council that they want their child to be considered via the Waiting List for a school outside Oxfordshire. Oxfordshire County Council will pass this information on to other local authority schools.

Children outside Oxfordshire with a preference for an Oxfordshire school that was rejected where it is known that the child's home local authority operates an "opt-out" system will be added automatically to Waiting Lists for Oxfordshire schools.

Parents/carers should read Oxfordshire County Council's arrangements for waiting lists before requesting to add their child's name: www.oxfordshire.gov.uk/continuedinterest
It is important to understand that a place may be offered at a preferred school via the Waiting List without notice and the original offer would be automatically withdrawn and made available to offer to a different child.

In addition, in these circumstances, parents/carers are strongly advised to accept the place offered for their child. This ensures that a child will have a school place for the 2027/28 school year. However, they may also wish to submit a change of preference (see below).

Changes of preference

It is possible to request a change of preference to

- list new schools on an application; and/or
- change the order of schools already listed

A change of preference request is in order to try to gain an offer at a different preferred school at a later date. Parents/carers should read Oxfordshire County Council's arrangements for how changes of preference will be handled: www.oxfordshire.gov.uk/admissionschange

Admission appeals

Parents/carers have a statutory right to appeal for a place at any school where a place was not offered. For notifications sent on National Offer Day, the deadline for lodging an appeal is 17th May 2027 (20 school days after National Offer Day).

Anyone who has an application for a place at a school turned down (for the years Reception to Year 13) has the right to appeal to an Independent Appeal Panel. For most but not all schools, appeals are organised by Oxfordshire County Council sometimes on behalf of schools.

The Oxfordshire Appeals Team can be contacted on 01865 328215 or schoolappeals@oxfordshire.gov.uk

The majority of appeals for entry to Reception year in school are called Infant Class Size (ICS) Reviews. In law these are reviews instead of appeals. This is because the law states that no more than 30 children in Reception, Year 1 or Year 2 can be taught by one teacher in one classroom, unless a particular child is considered an exception under the provisions in Paragraph 2.16 of the School Admissions Code 2021.

These appeals can only be successful if:

- the admission of additional children would not breach the ICS limit of 30 children to one teacher at any point during Reception or as they progress through Year 1 and Year 2; or
- the co-ordinated admission arrangements did not comply with admissions law or they did comply but were not correctly administered and, had they been, the child would have been offered a place; or
- the decision to refuse admission was not one which a reasonable Admission Authority would have made in the circumstances of the case, as defined by the narrow legal meaning of the word reasonable

Paragraph 4.10 of the School Admissions Appeals Code 2022 defines reasonableness as:
4.10 The threshold for finding that an admission authority's decision to refuse admission was not one that a reasonable authority would have made is high. The panel will need to be satisfied that the decision to refuse to admit the child was 'perverse in the light of the admission arrangements' i.e. it was 'beyond the range of responses open to a reasonable decision maker' or 'a decision which is so outrageous in its defiance of logic or of accepted moral standards that no sensible person who had applied his mind to the question could have arrived at it'.

In 2024/25 only 2% of ICS Reviews were successful.

The Oxfordshire appeals team publishes online a list of schools which are not organized by Oxfordshire County Council at;
www.oxfordshire.gov.uk/schoolappeals

Appeals are heard by an Independent Appeal Panel (IAP). The IAP is made up of volunteers who have no connection to the schools concerned. They will either be persons of experience (previous experience of day-to-day management in a school) or lay persons. The decision by the IAP whether or not to uphold (offer a place) or dismiss (not offer a place) the appeal is binding on the relevant Admissions Authority.

Acceptance of a place at a school does not affect a parent's/carer's right to appeal for a place for their child at another school. However, if a parent decides to appeal for any of the listed preferences,

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

it is wise to secure a place for a child at an alternative school in case the appeal is unsuccessful. This is because appeals are normally heard during the second half of the summer term.

A parent's/carer's statutory right to appeal against the refusal of a place at a school for which they have applied will not apply if they are offered a place at the school but it is not in their preferred age group. In addition, if the request to be admitted to a different year group has not been accepted and a parent then appeals for a place for their child, any appeal that is heard would relate to the child's normal age group, i.e. the appeal would not be for admission to the requested year group.

Please note that appeals are very costly for schools, and additional children joining schools through successful appeals will have a detrimental impact on the delivery of education and the efficient use of school resources. Parents/carers should consider very carefully if they wish to proceed with an appeal.

As stated above, only 2% of ICS reviews were successful in 2024/25.

Further information about the appeals process can be found at:
www.oxfordshire.gov.uk/schoolappeals

The Department for Education's Admission Appeals Code can be found at:
[School Admission Appeals Code 2022](#)

After National Offer Day

17th April to 30th April 2027

No offers will be made at any school between these dates. During this time, responses to school offers, requests for children to be added to Waiting Lists and requests for changes of preference will be collected and collated.

May to Offer Day 2 (7th June 2027)

After all information has been collated, any places that have arisen are available to re-offer on the second allocation round or Offer Day 2 on 7th June 2027.

The following groups of children are all considered together in the second allocation round:

- late applications received after National Closing Date (15th January 2027) but by Response Date (30th April 2027); and
- children who could not be offered a place on National Offer Day whose parents have requested to add their child's name to the Waiting List to be re-considered for a place, should one become available by Response Date (30th April 2027); and
- those classed as "change of preference", where a place was offered at a school on National Offer Day but the parent has changed preference(s) or added new preference(s) by Response Date (30th April 2027).

All of the above application types are considered together and are prioritised using each school's over-subscription criteria. No category of 'late' application takes precedence over another category and applications are not prioritised according to the date when the request was received.

Second allocation round / Offer Day 2 on 7th June 2027

For all late applications or changes of preference made online, an email is sent between 12:01am and 9.59am on Offer Day 2 (7th June 2027) confirming the outcome of the application. Online applicants can also log in to the Parent Portal to see the result and respond.

Letters will be sent by second-class post where:

- an applicant has applied on paper; or
- an applicant applied online and was not offered a place at their first preference school.

Second emails will be sent by 3pm on Offer Day 2. Letters will be sent by second-class post on Offer Day 2.

Please note that we do not contact applicants where they have requested to add their child's name to a Waiting List if no place can be offered via that Waiting List and the original offer on National Offer Day remains and there has been no other change to the application.

A leaflet - "What to do next" is sent with every letter and this contains the same information as that communicated in letters sent on National Offer Day ([see above](#)).

After Offer Day 2

8th June to 21st June 2027

No offers will be made at any school between these dates. During this time, responses to school offers, requests for children to be added to Waiting Lists and requests for changes of preference will be collected and collated.

22nd June onwards

Waiting Lists officially start. If a place is released at an over-subscribed school, it will be re-offered to the child with the highest priority at that time among all those being considered (late applications not yet processed, Waiting List, changes of preference not yet processed).

When do children start school?

Most children starting the Reception year group for the first time will start at school at the beginning of September 2027 (Autumn Term). Parents/carers can decide if they want to request a part-time or full-time place for their child. Schools will comply with any reasonable request. However, a part-time place is usually morning sessions (child goes home at lunch-time) or afternoon sessions (child arrives at lunch-time) only. Schools are unlikely to offer bespoke provision with some full days and some half days each week. Many children will have spent time in a nursery setting or pre-school provision before they are due to start their Reception year and some families will have made use of the extended 30-hour entitlement. Therefore, it is expected that children will start in the Reception year group with a full-time or part-time place (as requested by their parent/carer) from the beginning of the Autumn Term and will not have a gradual or staggered start into their Reception year.

However, legally children do not have to start full-time education until the term after their fifth birthday, and some parents/carers decide to defer their child's start date at primary or infant school

to later in the school year. If a parent/carers wishes to defer their child's admission to school, they should discuss the implications with the school concerned.

The table below shows dates by when children must start full-time education.

Children born...	Can start school...	Must start school...
1 April 2022 to 31 August 2022	September 2027 (full-time)	September 2027 (full time) These are children with an agreed delay to start school alongside younger children (see section below).
1 September 2022 to 31 December 2022	September 2027 (part-time or full-time)	January 2028 (full time)
1 January 2023 to 31 March 2023	September 2027 (part-time or full time); or January 2028 (part-time or full-time)	April 2028 (full-time)
1 April 2023 to 31 August 2023	September 2027 (part-time or full time); or January 2028 (part-time or full-time); or April 2028 (part-time or full-time)	September 2028 (full-time) Unless otherwise agreed, if a child of this age starts school in September 2028, it will be in Year 1 and not the Reception year (please see the section below about summer-born children). The offer of a place will lapse if the child does not start school by April 2028. In cases of this kind the parent/carers would need to reapply in June 2028 for a place in Year 1 in September 2028.

Delayed entry to school – admission of summer-born children outside their normal age range

Summer-born children are defined as those born from 1st April to 31st August and who will reach compulsory school age on 1 September 2028.

Research has identified some differences, on average, in educational outcomes for some summer-born children. However, every child is different, and it would not be appropriate to assume that a child will experience difficulties simply because they were born in the summer months.

If a parent/carers wishes to delay their summer-born child's entry to school until the September after their fifth birthday (September 2028) and request that the child is admitted to Reception rather than Year 1, the Admission Authority for the preferred school(s) must consider the request on the basis of the circumstances of the individual case and in the best interests of the child. Admission Authorities cannot operate blanket policies automatically to approve or refuse requests without considering the individual circumstances of each child.

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

Parents/carers who wish to delay their summer-born child's entry to Reception year may complete a Form found online at www.oxfordshire.gov.uk/schools/apply-school-place/delay-reception-application

Parents/carers may submit any supporting information or evidence they consider relevant and wish the admission authorities to take into account when considering their request.

Oxfordshire County Council will consult the Oxfordshire schools listed on the delay request form. Parents/carers are advised to apply for normal Reception entry for the 2027/28 school year. This application can be withdrawn later if one or more Admission Authorities agree to the request for delayed admission. Parents/carers are advised to include the same schools on both their school place application and their delay request form.

If parents/carers have preferences for schools that are in England but not in Oxfordshire they need to follow the separate process for requesting delayed admission for that school or the Council area where that school is located. When a parent/carer receives a response from a school or Council outside Oxfordshire they should provide a copy of that response to Oxfordshire County Council.

The decision whether a child should be admitted outside their normal age range will be made by the Admission Authority for each school listed on the Delay Request Form. For community and voluntary controlled schools, Oxfordshire County Council is the Admission Authority. For other Oxfordshire schools, the Admission Authority is the governing body, academy trust or other relevant admission authority for that school.

Factors that may be considered by an Admission Authority are:

- the views of the parent/carer;
- the needs of the child and the potential impact of being admitted to Year 1 without having completed the Reception year, including consideration of whether missing some or all of the Reception curriculum may adversely affect the child's educational progress, wellbeing or readiness for school;
- where a child was born prematurely, the fact that they may naturally have fallen into a lower age group if born on their expected due date;
- the extent to which a child's social, emotional or physical development may affect their readiness for school;
- any relevant research into the outcomes of summer-born and premature children;
- where relevant, the child's medical history and the views of a medical professional;
- any other factors that the Admission Authority considers relevant to the individual circumstances of the case.

In all cases the Admission Authority must take account of the views of the Headteacher of the school concerned.

Parent/carers whose child is eligible for admission to Reception in the 2027/28 school year, but who wish to seek admission to Reception in September 2028, are encouraged to submit their request as early as possible during the 2026/27 school year. This allows sufficient time for Admission Authorities to consider the request before applications and offers of school places are processed.

Once the Admission Authorities for the schools requested on the delay request form have made their decisions, Oxfordshire County Council will write to the parent/carer confirming the outcome of

the request and the reasons for each decision. Some Admission Authorities may also communicate their decision directly to parents/carers. Parents/carers may therefore receive correspondence from both Oxfordshire County Council and individual Admission Authorities.

Where it is agreed that a child may be admitted to Reception in the September following their fifth birthday, no additional priority will be given to the application because admission has been delayed. Equally, the child will not be disadvantaged or given lower priority because they are applying outside their normal age range. Any application previously submitted for admission in the 2027/28 school year will be withdrawn.

If a request is refused

If a parent/carer is dissatisfied with the way in which their request has been considered, they may use the Admission Authority's published complaints procedure. All Admission Authorities are required to have a published complaints procedure.

For community and voluntary controlled schools, Oxfordshire County Council's corporate complaints procedure may be used.

www.oxfordshire.gov.uk/council/about-your-council/have-your-say-about-council-services/complaints-and-comments-about-oxfordshire-county-council

Appeals

There is no statutory right of appeal against a decision about the year group in which a child should be educated.

If an Admission Authority determines that a child should be admitted to Year 1 and offers a place in that year group, there is no right of appeal against the decision not to admit the child to Reception.

However, if a place is refused in the year group considered appropriate by the Admission Authority, the parent/carer will have a right of appeal against that refusal. Any appeal would relate to the year group that the admission authority has determined is appropriate for the child.

Future implications of admitting a child to Reception when they are of Year 1 age

If a child is educated outside their normal age range during primary school and subsequently transfers to another primary school before the end of Year 6, the Admission Authority for the new school will need to make its own new decision about whether the child should continue to be educated outside their normal age range. This decision must be made based on the circumstances of the individual case and in the best interests of the child concerned.

Children who continue to be educated outside their normal age group throughout primary school will reach normal Year 6 age while they are being taught in Year 5. When applying for secondary school, the Admission Authority for each preferred secondary school will need to consider whether the child should continue to be educated outside their normal age range. Each admission authority must make its decision based on the circumstances of the individual case and in the best interests of the child concerned.

Parents/carers are encouraged to contact their preferred secondary school(s) at an early stage, ideally while their child is still in Year 5, to seek a decision in principle whether the Admission Authority would be willing to consider an application for admission outside the child's normal age range. This can help parents/carers make informed decisions when planning their child's transition

to secondary school. However, any formal decision must be made by the Admission Authority at the time the application is considered, taking account of the individual circumstances of the case and in the child's best interests.

A child ceases to be of compulsory school age on the last Friday in June during the school year in which they reach the age of 16 even if their 16th birthday is in July or August. If a child continues to be educated outside their normal age range, they may reach this date whilst they are still in Year 10 rather than Year 11. Although the school would continue to receive funding for the child, the child would no longer be of compulsory school age during the school year in which most pupils take their GCSE examinations.

This means that a child who is in Year 10 but is of normal Year 11 age could choose to leave school at the end of Year 10. However, under the statutory participation age requirements, young people must continue in education or training until at least their 18th birthday. This may include remaining at school, attending a college, undertaking an apprenticeship, or participating in another approved form of education or training.

Remaining in nursery provision

Children do not reach compulsory school age on their fifth birthday. Compulsory school age begins at the start of the school term following a child's fifth birthday. Once a child reaches compulsory school age, they must be in receipt of suitable full-time education, either by attending school or through elective home education. Nursery education is no longer age appropriate once a child reaches compulsory school age.

Children who have their fifth birthday between September and December 2027 may only remain in nursery provision until the end of December 2027. They must be in receipt of full-time age-appropriate education from January 2028. No state funding is available for nursery places for these children after December 2027.

Children who have their fifth birthday between January and March 2028 may only remain in nursery provision until the end of March 2028. They need to be in receipt of full-time age-appropriate education from April 2028. No state funding is available for nursery places for these children after March 2028.

Children who have their fifth birthday between April and August 2028 may stay in nursery provision until the end of the 2027/28 school year. They need to be in receipt of full-time age-appropriate education from September 2028. No state funding is available for nursery places for these children after July 2028.

Parents/carers should carefully consider these arrangements when deciding whether to request delayed admission to Reception. Once a child has reached compulsory school age and is no longer eligible to remain in nursery provision, the alternative to school attendance is elective home education. Parents who choose elective home education are responsible for ensuring that their child receives a suitable full-time education appropriate to their age, ability and aptitude, and any special educational needs they may have.

Section 3 – Oxfordshire primary, infant and junior schools

New primary school in Oxfordshire

Valley Park Academy, Didcot

A new primary school for Didcot is planned in the Valley Park development to meet the needs of recent and planned housing growth. The school is expected to open in September 2027 and will be run by Omnia Learning Trust, which was confirmed as the sponsor in 2025.

The school will be led by Executive Principal Alison Ashcroft, currently Executive Principal of sister schools Didcot Primary Academy and Sires Hill Primary Academy.

Published Admission Number for Reception: 30

If there is enough interest, the school may consider opening a Year 1 and Year 2 class.

To express interest (apply) for Reception, select the 'Admissions' tab at:

www.valleyparkacademy.org.uk

Further details: www.valleyparkacademy.org.uk

Contact email: admin@omnialearningtrust.org

Existing Schools in Oxfordshire

Details for every state-funded Oxfordshire school can be found via the [Oxfordshire schools search](https://www.oxfordshire.gov.uk/schools/search) webpage: www.oxfordshire.gov.uk/schools/list

On this webpage you can find each school's location, contact details, website and details of how places have been offered in previous years (in the "Admissions data" section).

Sometimes schools change their over-subscription criteria, so check school websites for the latest admission arrangements policy for the 2027/28 school year.

From the Oxfordshire County Council home page you can use the 'Find services near you' option to view school locations on a map.

[/experience.arcgis.com/experience/fce7371ebaa042a494db58318621da62](https://experience.arcgis.com/experience/fce7371ebaa042a494db58318621da62)

Community and voluntary controlled schools in Oxfordshire

Community and voluntary controlled primary schools use the standard oversubscription criteria shown in this section.

Over-subscription criteria for entry to the Reception year group in community and voluntary controlled schools

In accordance with legal requirements, children who have an Education, Health & Care (EHC) Plan in which the school is named in Section I must always be admitted. This is not an over-subscription criterion but these children must be admitted first before the application of the over-subscription criteria below which will effectively reduce the number of places available to offer to other children.

The oversubscription criteria below will be followed in descending order of priority.

1. Children who are “looked after” (LAC) by a Local Authority within the meaning of Section 22(1) of the Children Act 1989 at the time of their application, and all “previously looked after” children (PLAC), including those who appear to this Admission Authority to have been in state care outside England (IAPLAC) and ceased to be in state care having been adopted. Evidence of the previously looked after status and/or the adoption will be requested.
2. Children who live in the catchment area and have a brother or sister on roll at the time of application who will still be attending at the time of entry.
3. Children who live in the catchment area.
4. Children who have a brother or sister on roll at the time of application who will still be attending at the time of entry but live outside the catchment area.
5. All other children who do not live in the catchment area and also do not have a brother or sister on roll at the time of application who will still be attending at the time of entry.

In all categories above, priority will be given to children who are eligible for Service Pupil Premium and then to children who live closest to the school by the straight-line distance as calculated by Oxfordshire County Council.

Looked After and Previously Looked After Children

Looked After Children

A 'looked after child' is a child who is:

- (a) in the care of a Local Authority; or
- (b) being provided with accommodation by a Local Authority in the exercise of their social services functions at the time of making an application to a school (see the definition in Section 22(1) of the Children Act 1989).

In Oxfordshire these children are also known as ‘Children We Care For’ (CWCF).

Previously looked after children

The School Admissions Code 2012 introduced a requirement for all admission authorities to broaden the existing priority for 'looked after' children or children in care (defined in Section 22(1) of the Children Act 1989) to also include 'previously looked after' children. Children who were 'previously

looked after' were defined for admissions purposes as those who, immediately after being in care, became subject to an adoption, residence, or special guardianship order.

A revised School Admissions Code came into force on 19 December 2014, and this stated that 'previously looked after' children include those who were adopted under the Adoption Act 1976 (see Section 12 - Adoption Orders) and not simply those children who were adopted under the Adoption and Children Act 2002 (see Section 46 - Adoption Orders). In addition, residence orders have now been replaced by child arrangements orders. Those who previously received a residence order are now deemed to have a child arrangement order.

If applying on behalf of a "previously looked after" child, who was previously in state care in England, the parent will need to provide the following evidence:

- an Adoption Order under Section 46 of the Adoption and Children Act 2002; or
- an Adoption Order under the Adoption Act 1976; or
- a Child Arrangements Order; or
- a Residence Order settling the arrangements to be made as to the person with whom the child is to live under Section 8 of the Children Act 1989; or
- a Special Guardianship Order appointing one or more individuals to be a child's special guardian(s), under section 14A of the Children Act 1989.

It is important that the evidence is provided since without it there is no basis for considering a child as being "Previously Looked After". Therefore failing to provide the necessary evidence could have a significant impact on whether a place is offered at the school listed as the first preference.

Children who appear to this Admission Authority to have been in state care outside England and ceased to be in state care after being adopted ("internationally adopted previously looked after children") (IAPLAC)

A further revised School Admissions Code was agreed in July 2021, and this came into force on 1 September 2021. The new Code further broadens the existing priority for 'looked after' children and 'previously looked after' children to include those children who appear to an Admission Authority to have been in state care outside England and ceased to be in state care as a result of being adopted. In the School Admissions Code 2021 they are referred to as "internationally adopted previously looked after children" (IAPLAC).

The Code regards a child as having been in state care outside England if they were in the care of, or were accommodated by, a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society.

Responsibility for determining whether a child is eligible to be considered as an IAPLAC rests with the Admission Authority. Subject to ministerial approval, the Department for Education plans to publish non-statutory guidance on the admission of IAPLAC. This guidance will aim to assist and support admission authorities in assessing evidence provided by parents. If there is doubt about the acceptability of evidence provided by the parent, advice will be sought from the Head of Oxfordshire's Virtual School. This Admission Authority will take a pragmatic approach to the decision-making process where evidence is lacking.

Catchment areas

All community and voluntary controlled schools in Oxfordshire operate a catchment area. These can generally be viewed online. On the [Oxfordshire schools search](http://www.oxfordshire.gov.uk/schools/list) webpage: www.oxfordshire.gov.uk/schools/list

Living within a particular school's catchment area gives a high priority for admission but there is no guarantee that a place will always be made available. There is also no guarantee that free home-to-school transport will be provided to the catchment area school if it is not the closest or nearest available school.

Brothers and sisters (siblings)

For admissions purposes, a brother or sister is defined as one of the following:

- A brother or sister (both parents the same) living at the same home address; or
- A half-brother or half-sister (one parent the same) living at the same home address; or
- A stepbrother or stepsister (sharing a parent who is married or in a civil partnership) living at the same home address; or
- An adopted child who, by reason of the adoption, now shares one or more parents with a child living at the same home address.

Time of entry (siblings)

The admission rules give some priority to those with a brother or sister attending the relevant school at the applicant's "time of entry." This means that, in the normal admissions round, there will be **no sibling connection**, for admission purposes for community and voluntary controlled primary schools, for the following:

- applicants for entry to Reception year group in a primary school if the only sibling already at the school is a brother or sister in Year 6; or

Children eligible for Service Pupil Premium

Central Government defines online which children are eligible for Service Pupil Premium (SPP) at: www.gov.uk/government/publications/the-service-pupil-premium/service-pupil-premium-what-you-need-to-know

Parents will need to provide evidence of eligibility when they apply for school (for example, a copy of the military ID of the parent who makes the school application or a letter from a commanding officer confirming status).

Measuring straight line distances from home to school for community and voluntary controlled schools (the straight-line distance calculated by Oxfordshire County Council)

The straight-line distance from home to school will be calculated as set out below.

The start point of the measurement is the "**seed point**" of the home address. The "seed point" is provided by Ordnance Survey from information compiled from Royal Mail and Councils via National Land and Property Gazetteer (NLPG). The seed point normally falls within the bounds of a property. The accuracy of seed points is to the nearest metre and uses the British (all-numeric) Co-ordinate

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

System (Easting/Northing). It is not possible to verify the individual location of every seed point prior to measuring due to the number of addresses in Oxfordshire and surrounding areas.

The end point for community and voluntary controlled primary schools is the nearest open gate of the school first arrived at from the direction of travel that is officially available for use by students for entry and exit to the school site at the start and end of the school day. The table below has details. The LA consults with each individual school annually to ensure accurate placement of gates and their availability for use.

The calculation of the distance will be made in metres using a Pythagoras calculation. This calculation will be converted into miles by dividing the distance by 1609.344 to achieve a distance in miles accurate to three decimal places.

For addresses outside the British Coordinate System an internet mapping solution will be used to determine a start point using longitude and latitude via getlatlong.net/. A straight line distance will then be calculated to the end point at the school in statute miles using www.nhc.noaa.gov/gccalc.shtml

Home address

The address on the application **should be the child's address at the time of application**. This is the address at which the child spends the majority of term-time school nights (Sunday night to Thursday night).

The **time of application** is the entire time period from the point when applications can start to be made in the November when the application process opens until 16th April (or next working day) the following calendar year.

Changes of address

Sometimes an application is made based on an address at the time of application and the address then changes after the application has been submitted. It is important to tell the Admission Authority (and/or Local Authority) about changes of address so that places can be offered fairly, and so notification can be sent by post to the correct home address.

If the application address is found to have subsequently changed after the application was submitted, and this information could have been provided when the application was first made or before places were offered, Oxfordshire County Council will consider the application to have been made on the basis of a fraudulent or intentionally misleading address (see below). This may result in the offer of a school place being withdrawn.

If an application is made on the basis of a new address or intention to move to an area, information about the new address will need to be provided in order for it to be taken into account.

Changes of address which occur after the National Closing Date for applications (15th January) can be considered if proof of this change is provided no later than the extended deadline date (29th January).

To confirm the new address we need one of the following:

- a solicitor's letter advising contracts have been exchanged (if the property is being purchased); or

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

- a copy of a tenancy agreement (if the property is to be rented) but if this tenancy agreement comes to an end before September 2027 we may not accept the address for admissions purposes; or
- a copy of the Council Tax Bill showing the same name(s) on the school place application; or
- a letter from a new employer (e.g. University college) where accommodation is being provided by them and is tied to the new post/job giving details of this new address; or
- new Quarter information if this is an accompanied military posting; or
- an Assignment Order if this is an accompanied military posting but details of the new quarter have not yet been given to the family. In this case the base address will be used for admissions purposes.

Multiple addresses

Where children spend time with parents at more than one address then the address given on the form should be the one that they live at (i.e., sleep at) for the majority of term-time school nights (Sunday night to Thursday night).

If children spend time at more than one address the address used for admissions purposes will be the one registered and confirmed as the main address by the nursery/school. If it is not possible to establish the main address from the nursery/school records and the parents state that the child spends 50% of time with each parent, the parents will be asked to agree which address will be used as the main address for admissions purposes or they will be required to have this determined legally via a Court Order.

Full details of the over-subscription criteria including further explanatory notes are available online. www.oxfordshire.gov.uk/schools/apply-school-place/school-admission-rules-and-policies/admission-rules

Own Admission Authority (OAA) schools in Oxfordshire

Own Admission Authority (OAA) schools are responsible for consulting on and determining their own admissions rules and over-subscription criteria in compliance with the School Admissions Code 2021. These schools often have different admissions rules and oversubscription criteria to community and voluntary controlled schools. These can be found on individual school websites by following the links in the tables below.

Measuring straight line distances from home to school for OAA schools (the straight-line distance calculated by Oxfordshire County Council)

The straight-line distance from home to school will be calculated as set out below.

The start point of the measurement is the “**seed point**” of the home address. The “seed point” is provided by Ordnance Survey from information compiled from Royal Mail and Councils via National Land and Property Gazetteer (NLPG). The seed point normally falls within the bounds of a property. The accuracy of seed points is to the nearest metre and uses the British (all-numeric) Co-ordinate System (Easting/Northing). It is not possible to verify the individual location of every seed point prior to measuring due to the number of addresses in Oxfordshire and surrounding areas.

The end point of the route has been set by the Admission Authority for each school. School admission policies will contain information about the end point that will be used. Where school

admission policies do not contain this information, the end point of the route will be the nearest open gate of the school first arrived at from the direction of travel that is officially available for use by students for entry and exit to the school site at the start and end of the school day. The location of these gates has been set by the Admission Authority. The LA consults with each individual school annually to ensure accurate placement of gates and their availability for use.

The calculation of the distance will be made in metres using a Pythagoras calculation. This calculation will be converted into miles by dividing the distance by 1609.344 to achieve a distance in miles accurate to three decimal places.

For addresses outside the British Coordinate System an internet mapping solution will be used to determine a start point using longitude and latitude via getlatlong.net/ A straight line distance will then be calculated to the end point at the school in statute miles using www.nhc.noaa.gov/gccalc.shtml

**Measuring shortest routed distances from home to school for OAA schools
(the shortest routed distance measured by Oxfordshire County Council also sometimes called the shortest designated route)**

The start point of the measurement is the “seed point” of the home address. The “seed point” is provided by Ordnance Survey from information compiled from Royal Mail and Councils via Local Land and Property Gazetteer (LLPG). The seed point normally falls within the bounds of a property. The accuracy of seed points is to the nearest ten centimetres and uses the British all-numeric Co-ordinate System (Easting/Northing). It is not possible to verify the individual location of every seed point prior to measuring due to the number of addresses in Oxfordshire and surrounding areas.

From the start point the route firstly connects to the nearest point of the digitised network.

The digitised network is constructed from road data supplied by Ordnance Survey. This has been accurately digitised to measure along the centre of roads and takes corners at right angles. This is the same underlying information used by internet-based mapping solutions (e.g. Google Maps). However, the LA has a more accurate start point than internet-based mapping solutions and the network has been augmented by the LA to take into account other available public routes (e.g. alleyways, public footpaths, bridleways, etc). The augmented network used by the LA is accurate to at least 1 metre.

All 548,000 kilometres of roads in Great Britain are accurately mapped in a consistent and logical network. The network does not include routes that are not defined as public; these include crossing parks with no paths where the park is not open and available all the time, “short-cuts” across patches of open land without paths, or footpaths across private land which are not defined by Ordnance Survey as public routes.

The end point of the route has been set by the Admission Authority for each school. School admission policies will contain information about the end point that will be used. Where school admission policies do not contain this information, the end point of the route will be the nearest open gate of the school first arrived at from the direction of travel that is officially available for use by students for entry and exit to the school site at the start and end of the school day. The location of these gates has been set by the Admission Authority. The LA consults with each individual school annually to ensure accurate placement of gates and their availability for use.

The measurement is calculated using an algorithm within the bespoke software used by the LA. This software is called EYES (Early Years and Education System) which is supplied by System-C / Liquid

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

Logic (systemc.com/). EYES measures in metres to two decimal places, which is then converted to miles accurate to three decimal places using the conversion rate of 1609.344 metres per mile.

The shortest routed distance is not necessarily a driving route because it may use, in whole or in part, a non-driveable route (e.g. footpaths). The shortest designated route is also not necessarily a walking route because, for example, where the measurement uses a road, the route is along the centre of the road not along the edge (pavement or equivalent) of the road.

Other measuring systems may give a different measurement, but the LA cannot take a measurement from another measuring system into account because this would lead to inconsistency in the method used to measure the shortest designated route and would constitute maladministration of the admissions process.

For addresses which are outside the digitised network (approximately 6 miles outside Oxfordshire's county boundary) an internet mapping solution will be used. For addresses in Europe, 'Directions' in google.co.uk/maps will be used. For addresses outside Europe the straight line distance using the same websites and method set out above will be used.

Schools by area

In the tables below, all state-funded infant and primary schools in Oxfordshire are listed by area.

Each school is listed with its address, Published Admission Number (PAN) and a link to the details on the Oxfordshire schools search page where there will be a link to the school website. Community and voluntary controlled schools have details of the end point for straight-line distance measurements. Other schools have details of the trust (where applicable) and the distance measuring method that will be used. Each school is categorized as:

- A – Academy [Own Admission Authority school]
- C – Community
- F – Free School (academy type) [Own Admission Authority school]
- VA – Voluntary Aided [Own Admission Authority school]
- VC – Voluntary Controlled

Academies are state-funded schools that are operated independently of local authority (Oxfordshire County Council) control.

Community schools are state-funded schools maintained directly by Oxfordshire County Council.

Free schools are state-funded schools set up by multi-academy trusts or charitable organisations to meet an assessed need for educational provision in a geographic area. They are operated independently of local authority (Oxfordshire County Council) control.

Voluntary Aided schools are state-funded schools where a religious body established the school, contributes to capital costs and has significant influence over the school's governance and operations.

Voluntary Controlled schools are state-funded schools maintained directly by Oxfordshire County Council.

Infant to junior/primary school transfer

There is only one infant school in Oxfordshire, **St Mary's Church of England Infant School (Witney)**. Parents/carers of all children in Year 2 at that school must apply to transfer their child to a new school for September 2027. The National Closing Date for this is the same as for those applying to start Reception year, 15th January 2027. National Offer Day is the same, 16th April 2027.

Most children at this school transfer to **The Batt Church of England Primary School**.

Type	School	Address and link to details online (link to school website and how places have been offered)	PAN Y3
A	The Batt Church of England Primary School	Marlborough Lane, Witney, OX28 6DY www.oxfordshire.gov.uk/schools/list/3605 Oxford Diocesan Schools Trust (ODST) Measure: Straight Line	30

Parents/carers of children attending Year 2 at any other school and who want to apply for a transfer for their child to The Batt Church of England Primary School to start Year 3 in September 2027, can apply using this process in the same way as parents whose children are in Year 2 at St Mary's Church of England Infant School (Witney).

Parents/carers of children finishing Year 2 at St Mary's Church of England Infant School (Witney) can request a transfer to any school. But preferences for all other primary schools will be processed in line with Oxfordshire County Council's Co-ordinated in-year admissions scheme from 1st June 2027 onwards. The scheme is available online:

www.oxfordshire.gov.uk/schools/apply-school-place/school-admission-rules-and-policies/admission-rules

Parents/carers of children who live in Oxfordshire but attend an infant school outside Oxfordshire, also need to apply via Oxfordshire County Council, their home local authority, for an infant to junior school transfer even if the preferred junior school(s) are outside Oxfordshire.

More information is available online: www.oxfordshire.gov.uk/junioradmissions

Section 4 – Miscellaneous

Definition of a Parent

Section 576 of the Education Act 1996 defines a 'parent' as:

- all natural parents, whether they are married or not;
- any person who, although not a natural parent, has parental responsibility for a child or young person;
- any person who, although not a natural parent, has care of a child or young person (having care of a child or young person means that a person with whom the child lives and who looks after the child, irrespective of what their relationship is with the child, is considered to be a parent in education law).

Having parental responsibility means assuming all the rights, duties, powers, responsibilities and authority that a parent of a child has by law. People other than a child's natural parents can acquire parental responsibility through:

- being granted a residence order;
- being appointed a guardian;
- being named in an emergency protection order (although parental responsibility in such a case is limited to taking reasonable steps to safeguard or promote the child's welfare);
- adopting a child (in the case of step-parents) in agreement with the child's mother (and other parent if that person also has parental responsibility for the child) or as the result of a court order.

Where a child's parents are not married to each other, the child's father can gain parental responsibility by:

- registering the child's birth jointly with the mother;
- through a 'parental responsibility agreement' between him and the child's mother;
- as the result of a court order.

In addition, a Local Authority can acquire parental responsibility if it is named in the care order for a child.

Guidance for UK nationals returning to the UK

Parents/carers of UK nationals returning to the UK can apply normally in line with the arrangements in this booklet. If the preferred school(s) is/are in Oxfordshire and/or the expected new address is in Oxfordshire, the school application should be made via Oxfordshire County Council in the same way as for a current Oxfordshire resident.

Parents/carers should provide their current overseas address at the time of application. They can also provide details of the address they will be moving / returning to together with confirmation of same.

Guidance on educational provision for children from overseas

Admission authorities must treat applications for children from overseas in line with Home Office rules for non-UK nationals. In most cases, children arriving from overseas have the right to attend state-funded schools in England.

Children aged under 18 can enter the UK

- as a dependent of a foreign national who has settled status in the UK; or
- as a dependent of their parent(s) who are in the UK on a [work visa](#) or [Student visa](#); or
- as part of a family entering or residing in the UK under the [immigration route for British National \(Overseas\) citizens and their dependents](#).

Foreign nationals cannot use the 6-month Standard Visitor visa, or 11-month Short-term Study (English language) visa, to enter the UK to enroll as a pupil at a state-funded school, although some exchange programmes may be possible on the Visit route.

If a school or Local Authority is concerned that a child may not have a right to enter the country to access a state-funded school, they will not deny them a place. However, the Home Office's school referrals team will be alerted so that they can investigate further.

It is up to the school or Local Authority whether or not the child's parents or carers are informed of the referral to the Home Office.

If the Home Office finds that a child is not entitled to state-funded education, the Home Office will take any further action they consider appropriate. A child should not be denied a place on the basis of the Home Office's findings.

The email address for the Home Office school referrals team is:
schoolreferrals@homeoffice.gov.uk

Children with Education, Health and Care (EHC) Plans

Discussions about children with EHC Plans joining primary or infant schools should have started when the child is three years old. Parent/carers of a child with an EHC Plan should discuss any queries, concerns or requests for a particular primary or infant school with their child's relevant SEN Caseworker at Oxfordshire County Council and/or the SENCO at their child's current setting.

Parents/carers are encouraged to apply for state-funded mainstream school places in the normal way even where their child has an EHC Plan. The Council's Admissions Team will liaise with the Council SEN Team about these preferences. Parents/carers cannot apply for a place at a special school or resource unit through the admissions process outlined in this booklet.

Parents/carers should be aware that free home-to-school transport may not be automatically provided for a child with an EHC Plan to attend a state-funded mainstream school if it is not the nearest suitable school.

Independent (Fee-Paying) Schools

Parents/carers seeking places for their child at an independent (fee-paying) school must apply direct to the relevant school(s). The processes outlined in this booklet are for applications to state-funded mainstream school only. If a child is offered a place at an independent (fee-paying) school it is the

responsibility of the parent/carer to inform Oxfordshire County Council that a place is no longer needed at a state-funded primary or infant school so that the available place can be offered to another child. Oxfordshire County Council will not normally accept responsibility for funding a place at an independent (fee-paying) school or funding home-to-school transport to an independent (fee-paying) school.

Free School Meals (FSM)

All state-funded schools in Oxfordshire deal with the administration of Free School Meals for pupils who attend. In order for a pupil to qualify for Free School Meals parents must be in receipt of one or more of the following entitled benefits:

- Universal Credit (provided you have an annual net earned income of no more than £7,400, as assessed by earnings from up to three of your most recent assessment periods)
- Income Support
- Income-based Jobseeker's Allowance
- Income-related Employment and Support Allowance
- Support under Part VI of the Immigration and Asylum Act 1999
- The guarantee element of Pension Credit
- Child Tax Credit (provided you're not also entitled to Working Tax Credit and have an annual gross income of no more than £16,190)
- Working Tax Credit run-on – paid for four weeks after you stop qualifying for Working Tax Credit

For families that are eligible for Free School Meals under Part VI of the Immigration and Asylum Act 1999 or the guarantee element of the Pension Credit, applicants should provide:

- a National Asylum and Support Service (NASS) reference number
- a letter from the Home Office stating that they are receiving support under Part VI of the Immigration and Asylum Act 1999;
- a 'Pension Credit M1000 Award Notice' clearly showing details of any Guarantee Pension Credit in payment.

Further information about entitlement and how to apply can be found on our website: www.oxfordshire.gov.uk/schools/school/school-meals

Term dates

There are 190 pupil days in each school year. In addition, four days are set aside locally for INSET days for teachers. The term dates for 2027/28 are:

Term	Dates
Autumn	6th September 2027 to 21st December 2027 Half Term: 25th October 2027 to 29th October 2027 Christmas Holiday: 22nd December 2027 to 31st December 2027

Apply online at: www.oxfordshire.gov.uk/primaryadmissions

Spring	5th January 2028 to 7th April 2028 Half Term: 14th February 2028 to 18th February 2028 Easter Holiday: 10th April 2028 to 21st April 2028
Summer	24th April 2028 to 21st July 2028 Half Term: 30th May 2028 to 2nd June 2028 Summer Holiday: 24th July 2028 to 2nd September 2028

Supplementary Information Forms (SIFs)

Some schools have Supplementary Information Forms (SIFs) which parents/carers are also encouraged to complete. There is no requirement to complete a SIF but it is likely that the criterion used to decide whether a school place can be offered to a child will be affected if a SIF is not completed and returned to the school by the National Closing Date. If a SIF is completed but the school is not listed as a preference on the child's application, a preference for that school will not be considered. Therefore, it is important to request the school as a preference and to complete and send in the SIF as well.

SIFs will be attached to individual OAA school admissions policies and/or available on school websites.
