

Pin the Nose on Rudolph

Print off the Rudolph poster and one red nose per player.

Write a player's name on each red nose and place a piece of sticky tack on the back.

Each player takes it in turns to wear a blindfold. They are spun round 3 times then placed facing the Rudolph poster with their red nose in one hand and their other hand behind their back.

They must reach forward and stick their nose where they think it should go.

Remove the blindfold to reveal where they put it.

The player whose nose is closest to Rudolph's snout wins a prize!
